# Click on “my site subscription”

The screenshot shows the PerkinElmer Informatics website. At the top, there is a navigation bar with social media icons (Facebook, Twitter, LinkedIn, YouTube), the word 'INFORMATICS', and dropdown menus for 'Home' and 'English'. Below this is a search bar with the text 'Website Search All Informatics Sites' and a 'GO' button. A welcome message reads: 'Hello, Peter Knipe. Welcome to PerkinElmer Informatics. [ Not p.knipe@qub.ac.uk? ] MY ACCOUNT | LOGOUT'. A horizontal menu contains links for 'Chemistry', 'Biology', 'QA/QC', 'Data Analytics', 'Services', 'Support', 'About', and 'Contact'. The main content area features a 'Membership Center' banner with a padlock icon. Below the banner, a breadcrumb trail shows 'Home > Membership'. The main heading is 'My Account'. A sub-heading reads 'Hello Peter Knipe , Welcome to Your Account.' followed by a paragraph: 'Here you can make changes to your account information, and access information on products and services you have through PerkinElmer Informatics.' There are three main sections: 'My Preferences' (with a paragraph about keeping contact info up to date), 'My Services' (with a paragraph about finding site and database subscriptions), and a 'PLEASE NOTE' section about SERIAL NUMBERS for downloaded software. On the right side, a 'Preferences' dropdown menu is open, listing 'Account Home', 'My Profile', 'My Addresses', 'My Login Information', and 'How We Contact You'. Below it, a 'Services' dropdown menu is also open, listing 'My Site Subscription', 'My Downloads', 'My Database Subscriptions', 'Register My Software', and 'Request Information'. A red rectangular box highlights the 'My Site Subscription' link in the 'Services' menu. At the bottom left, there are social media icons for Twitter, Facebook, LinkedIn, and YouTube.

# Choose “Download V 16 and earlier Version Site Subscription Software”

[Home](#) > [Membership](#) > [Services](#) > Site Subscription

## My Account » Site Subscription

An Annual Site Subscription is a way for organizations to provide PerkinElmer Informatics software to everyone at their organization for a fraction of the price of purchasing individual copies. Moreover, everyone associated with the organization can be eligible to use the software under the terms of the subscription.

With the release of version 17, PerkinElmer is transitioning to a new and improved software delivery platform with a more intuitive interface to help you manage your site license software. This will enable you to access and download your software, manage your account and users, access your order history quickly, and view your upgrade history. Your account is tailored to your institution. Both Windows and Mac users will operate through this new system.

Some of the Site Subscriptions come with annual subscriptions to one or both of our Cloud based applications: ChemDraw Cloud (ChemDraw Professional and ChemOffice Professional) and PerkinElmer Signals Notebook Individual Edition (ChemOffice Professional). These cloud based products will still be administered through our old activation/registration system, i.e. via the CambridgeSoft.com domain. These cloud applications were introduced with version 16 and will be administered as before
